

# CHARITABLE GIFT

Careful planning today can result in a nice gift from Uncle Sam when tax time rolls around!

The federal government encourages charitable giving by providing some significant tax benefits when you make a gift to a qualified charity.

Your gift may be made in a number of ways depending on your particular situation. And careful planning is the key to maximizing your benefits.

The following may be helpful as you consider the best way to make your year-end gift.

# CASH

Cash is still the most popular way to make charitable gifts. And your gift of cash to a qualified charity prior to December 31 could cost you much less at tax filing time.

For example, if you make a \$2,000 gift before December 31 and are in the 28% marginal tax bracket, your gift could save you \$560 in taxes.

The federal government recognizes the contribution non-profit organizations make to society and assist in making the gift through *tax deduction*
